MONITOR ARMS

SPACE SAVING ARM

Table-top kiosks and touchscreens do not need to occupy valuable floor or gaming table space - Innovative's floating arm mounts to the underside of a casino table.

This long reach monitor arm enables the screen to be quickly moved to a comfortable viewing height and angle, and then stows away when not in use. The longer arm and ergonomic design perfectly accomdates users of various heights.

FEATURES

- **Space saving:** Mounts to the underside of the table or counter and conveniently tucks away when not in use.
- **Adjustable:** Easily rotates 360 degrees at two joints with a tilt of 200 degrees.
- **Integrated** Cable management keeps cables out of view.
